Tracy -  
My goodness we've already started off another year. I don't see how this one could be as good as the last one, but we can surely try. You've done so much for me - always listening when I just can't always keep things to myself. Anyway, I've had a blast doing all the crazy things that I've liked to do - and somehow I know it was good. On you when Julie moved - a I know that no one could ever take her place, but I hope that I'll be there when you need me, just as you have always been for me. Take care! + Bunny
